Subject: **Important – Easy Wood Tools is Moving**

Hello Valued Customers,

We are excited to announce that we are moving manufacturing and our office to a new building to allow us to better serve all of you! This move will be done in stages to minimize disruptions as best we can in product shipments and the outstanding customer service you have come to appreciate. We are moving between April 16<sup>th</sup> and April 23<sup>rd</sup> and expect to be back to normal operations before April 30<sup>th</sup>.

On orders placed directly on our Easy Wood Tools website during our move you may experience longer shipment times, but rest assured we will work hard to get the items out to you as soon as we are able. We will experience some downtime with both our telephone and electronic communications as we move those systems. As you know, we strive to provide quick responses from our team to all calls and email and we will work to get these systems up and running as quickly as possible for you.

We apologize for any inconvenience this may cause you during this time, and we thank you for your understanding and patience, and for choosing Easy Wood Tools.

Sincerely,

Chris Caliendo  
President  
Easy Wood Tools
